# Information & Safety of SNOWPARK

Currently, in accordance with the Swiss standard BFU 2-081-02, the use of signs and regulations is not sufficient to inform and ensure the safety of customers in snowparks.

After reflection, studies, discussions and **validation** with SKUS, Swiss Ski Lifts and BPA, **Ravach Parks** validated and approved a simple Product : a banner, like that used on the slopes, but **adapted to snowparks**.

In collaboration with Ravach Parks, we propose you 4 types of banners to secure your freestyle areas :

Banner « Entry »

Banner « Closed »

Banner « Exit »

DESIGN : Ch. DESTARAC©

Banner « level »

Available for levels XS, S, M, L et XL

*Size : 200 x 50 cm ⁂ Installed on fiber poles ⁂ Ready to install ⁂ Numeric printing*

*Customized LOGO offered ⁂ Front & Back printing in option*

**Price : 48.00 CHF (HT)**
+ Shipping costs

**Delivery time : 5 to 8 weeks**

Possibility of adding panels (Dibond or ABS) reminding of the **"Good Practice"** rules, the **module level** letters (with possible customization)
Online catalog available : www.vipe-concept.ch
