TYYNY® A BRAND THAT'S EMERGING IN THE RIGHT CONTEXT'

CREATED IN 2018, TYYNY® IS A CONTEXT' GROUP BRAND. THE COMPANY IS BASED IN CHAMBON FEUGEROLLES IN LOIRE DÉPARTEMENT AND WAS FOUNDED IN 2000.

TYYNY® benefits from CONTEXT's know-how and experience in the manufacture of products made of technical foam and textiles.

TYYNY® proposes a comprehensive range of protection products and equipment for sports, mountain and leisure professionals.

All TYYNY® products are designed and made in France in the CONTEXT' workshops, specialised in welding and industrial sewing.

PROTECTION AND LAYOUT OF EARLY CHILDHOOD SPACES PLAY IT SAFE.

Thanks to its exclusive know-how in the areas of technical fabrics and foams, TYYNY® has developed a range of very high quality equipment for leisure spaces dedicated to children.

Our products are highly resistant to abrasion and tearing for optimum use.

OUR SUPPLIERS

Our raw materials come from France or Germany, they are developed and made by specialists in fabric and textile production.
These suppliers have been selected with care on the basis of their quality and environmental commitment.

QUALITY & SAFETY

IT IS IN THE FIRST MONTHS OF THEIR LIVES THAT BABIES ARE THE MOST VULNERABLE.

This is why TYYNY places the quality and safety of its products at the centre of all it creates. The know-how developed since it was founded by CONTEXT' (manufacturer) today enables the TYYNY brand to propose products meticulously made, one by one, in its sewing workshop.

Each item is successively inspected by our master craftsmen specialised for more than 15 years in the manufacture of products made of foam and textile.

In addition to a rigorous quality process and unique know-how, each product has been tested by an approved laboratory in order to certify its compliance with the applicable French regulations. Our products conform to the NFS 54300 and EN 71.3 standards.

It is only after these systematic tests and inspections that a product can come out of our workshop, so that the future users can make the most of them in complete safety.

ALL OUR PRODUCTS ARE:

FRENCH MADE

At TYYNY, we love the closeness and privileged relationship we have with our various partners. So, our materials are exclusively French or European and our production is 100% French.

PHTHALATE-FREE · EN 71.3 · NFS 54300

All our products have been certified by an approved laboratory for use in perfect safety.

FIREPROOF M2

Our fabrics meet the non-flammability requirements for indoor use.

EASY TO CLEAN

Our fabrics have been selected for their durability and ease of maintenance. Also, when used outdoors, they guarantee you easy cleaning on a daily basis.

MOTIVITY BLOCKS

FORGETTING YOUR FEAR, GROWING IN SELF-CONFIDENCE, JUMPING INTO A VOID, RUNNING, CLIMBING, DARING, ETC.

With the TYYNY motivity range, it is all of a child's motor development that is solicited.
Slopes, steps, waves, curves, a multitude of shapes available in two dimensions to create the space you want. Finding the right balance whatever the circumstances and above all in total safety, that's what the TYYNY range aims to achieve. The non-slip surface underneath the modules ensures they have optimum stability for the greatest pleasure of little climbers.

Their 76 x 76 cm or 76 x 38 cm dimensions offer infinite modularity, allowing you to assemble them to your liking.

BABY COCOONS

INFANTS NEED A COMFORTABLE, GENTLE AND REASSURING SPACE.

The TYYNY cocoon has been thought out and designed for infants.
Its raised edges allow babies to move around in a safe space separating them from the bigger children.
The elements make it possible to form different spaces going from 190 x 190 cm to 375 x 375 cm.
It is fully modular and expandable allowing you to adapt it to the different rooms in which you want to install it.

Its clever Velcro assembly system ensures reliable fastening of the elements, guaranteeing a safe space for children and easy everyday use for the child-care staff.

GROUP SPACES

PLAYING, JUMPING, RESTING, LISTENING, READING... IN DAILY LIFE, MANY ACTIVITIES NEED A COMFORTABLE SPACE.

The group space imagined by TYYNY allows you to adapt to every type of use.
Consisting of four modules, the different shapes designed to be assembled, stacked and placed back to back offer you as many different combinations as you have ideas. Their non-slip surface guarantees stability for every type of use, from the gentlest to the most intense!

Available in cloth or peach skin versions, it will be the ideal companion for older children whatever the time of day.

Serge Ferrari

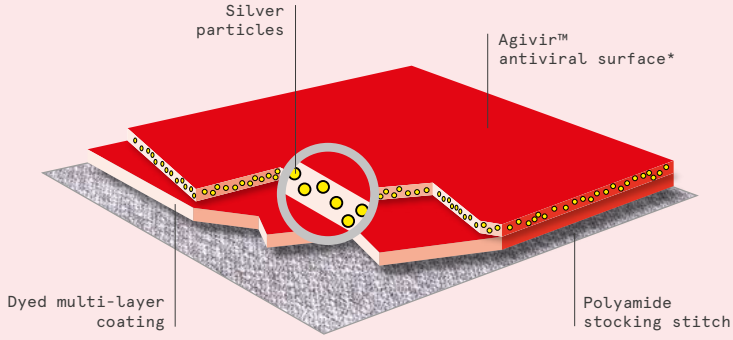

NEW MATERIAL: ZEN AGIVIR™

Tyyny also means collaborating with partners to find effective solutions for meeting your needs!

For several years, we have been working with the Serge Ferrari group which has developed and patented a technology for coating its membranes to make them virucidal.

Based on particles of silver, this process which is used in the medical world has been validated by an independent laboratory. These coating techniques offer a wide range of solutions for combating the propagation of viruses, while respecting the Early Childhood standards.

TYYNY®, THE CLAW OF HIGH LEVEL

TYYNY in Finnish means «pillow».

But for you, it means above all:
Design and secure your sports
and leisure areas.

Protections, reception areas, signs,
motricity, play facilities, from the
youngest age, trust the quiet strength
of the Tyyny bear to awaken you,
entertain you, exercise you...
in complete safety.
